About the Market

The Waynesboro Farmers' Market was restarted in 2008 by a group of citizens of the City of Waynesboro to create a weekly activity for the downtown and to support sustainable agriculture. Grants have been secured through the Shenandoah Resource Conservation and Development (RC&D) Council who partners with Waynesboro Downtown Development, Inc. These two non-profit organizations co-sponsor the Market and receive support from Virginia Grown.

Our third year of operation begins April 21 and ends September 29, 2010. We believe the market has great value in providing a needed service to the community and urge your support to ensure its sustainability.
